

THE BRIDGE

Linking Practitioners of German Biological Medicine

Volume 11, Issue #11, November 2015

Thursday, 19 November 2015

Dear Colleagues, Friends and Supporters of OIRF,

☞ Well, it's history. **OIRF's 42nd Biological Medicine Group Tour program to Germany** has been completed and will be added to our website tour history timeline over the next few weeks. What a fantastic and cohesive group of professional practitioners participated in this program! It was my pleasure to host this exclusive and very full educational program, and I thank each and every one of the participants for joining us on this annual "pilgrimage".

I am coming back brimming with news, information and updates about the many different aspects and modalities we participated in. With an added English language workshop on the Ozone modality from the famous Hänsler company we participated in twelve(!) different presentations and still had time to wander through the four floors of exhibits and lectures at the **Baden-Baden Medicine Week Congress**. I will be publishing our annual report about our activities (with pictures) shortly, just to get you excited for next year.

Speaking of next year – yes, plans for Tour #43 are already underway. 2016 will be the 50th Anniversary of the Baden-Baden Medicine Week Congress. This will be a big one with lots of celebrations. We have been promised there will be more English language lectures as part of the Congress, several speakers have approached us willing to present exclusive lectures for our group and there is greatly increased interest from OIRF practitioners in participating.

Until dates for the 2016 Med-Week are confirmed, our tentative dates for Tour #43 are October 25-31, 2016. Watch for speaker announcements and itinerary details in the next issues of "The Bridge" and on our website.

☞ And now, **welcome to Volume 11, Issue #11 of "The Bridge" newsletter!** For this issue there will be no feature article and we will make up for that in Issue #12 with a planned special "double issue". For this month I am turning to a newsy approach to try and fill you in on some of the innovation and updates that we learned about during the tour program itself and also at the Med-Week Congress.

➡ For this Issue I also want to introduce you to a new Newsletter from Med-Tronik, the Home of MORA®. Here are some introductory comments for Mr. Karsten Unger.

Focus on MORA® Health brought to the point.

October 2015

From now on, every three months:
News from the world of holistic medicine.

Karsten Unger
Managing Director
Med-Tronik GmbH

Dear Reader,

Welcome to the first issue of our new MED-TRONIK newsletter *FOCUS ON MORA®*, *Health brought to the point*, that will be published every three months from now on, in order to familiarize therapists as well as interested non-professionals with the world of holistic medicine.

Our main emphasis lies on our MORA® treatment: the MORA® device, planning and structuring treatments and, naturally, the convincing healing successes!

We hope that with this newsletter, we can contribute to initiating a network of MORA® therapists all over the world, a place where they can share their experiences. Therapists and patients alike will greatly benefit from this network.

We have added an overview of our current seminars, important product information and the latest results from science and research to keep you up to date. For all those who do not know MORA® yet, we invite you to have a peek behind the scenes, open up a way to the MORA® method, and, of course show you a way to holistic healing. The newsletter is a platform for therapists and patients: therefore, we look forward to your input in the form of case studies, experiential reports or other news.

I hope you will enjoy reading this newsletter and wish you continued success with MORA®. Stay curious!

s/*Karsten Unger*

Yours,
Karsten Unger

Here you will find an interesting blend of articles on Practical Experience, Tips for Practice Management, Science and Research, Things to Know and Med-Tronik News. Please follow this link to see the full inaugural issue of the newsletter [Focus on MORA](#)

News and New Products

As always during these Germany Tour programs, I have my own personal research and interests to pursue. Once my participants (especially the “first-timers”) have graduated beyond “duckling” stage and the introductory days of the tour and have scattered among the exhibits in the Congress House, I have the opportunity to visit with longtime colleagues, former speakers, the book store(!) and of course my own journey through the exhibit stands.

Although much always remains the same (like *Dieter Jossner* from **Medical Electronics** – BioPhotons – who has a big stand in the lowest floor), there are newcomers (like BioKat for the first time), weird stuff (oh never mind that one) and interesting curiosities to bring a smile or a questioning raised eyebrow. Although this is probably the 35th+ Medicine Week that I have had the privilege of attending, there is always something new to bring home.

As in previous years, just prior to the start of this OIRF Tour Program I was able to attend the Master’s Level MORA Therapy course at **Med-Tronik** (yes, I passed the tough exam!) and then also their International Distributors Meeting. I have come away from those meetings excited, optimistic and very impressed with the changes and improvements in this long esteemed company. I won’t go through all the history again – it’s over and done with. The new owners of Med-Tronik are actively involved with management of the company, and under the guidance of their Managing Director, *Mr. Karsten Unger*, they have grown back to a full staff of nearly 45 employees, have initiated a new internal computer/network system, increased their customer service, developed a full new training program that is presented in their education center in English and German, expanded their support of distributors, expanded sales worldwide, incorporated products and modalities in cooperation with other complementary companies and have added a range of new supplementary products.

In short, Med-Tronik is on the move into the future. The long standing connections between Med-Tronik and OIRF have not only been strengthened during these meetings, but are now forged into a cooperative partnership that gives you access to all of these exciting, effective and quality products. As in the past and as a fund raising activity of our non-profit organization, OIRF will again be able to make these products and devices available to you at or below the German export prices.

Here are some previews of the new products that will be featured in 2016 Issues of “The Bridge” as they become available:

- Finally! A new **RM10 diagnostic device**. This device is produced in cooperation between Med-Tronik and MBA GmbH, Germany. It is designed for EAV-type diagnostics and comes with diagnostic, remedy and test set software. Additionally, at the touch of a button it will switch to the TPR-spread or Vega/Cornelissen style testing. Estimated in the \$7,000 range this is a modern day version of the old reliable standby. Certification in Europe is pending and the device should be available early in 2016. This one is hot!!
- **Memon Bionic Instruments**: Available in cooperation between Memon and Med-Tronik, these devices will neutralize negative environmental influences. There are a range of products from this highly respected scientific firm that neutralize the influences of cell/mobile phones and Bluetooth wireless devices as well as applications for your car, indoor climate and well being, offices, workstations, heating, harness solar power without side effects, water, pools and food.

Watch for further details and information. These unique products will be available through OIRF early in the New Year.

- **Software application modules**: An interesting range of new applications are in development for the MORA Nova. Among others there will be a new (exclusive) module for the BIT method of **Dr. Bodo Kohler**. This method is intended to replace the obsolete and discontinued BE-T-A (BEV) devices that required the use of blood, urine and saliva for testing.

New remedy software is being developed.

Exclusive software applications for health and well being have been researched and developed in conjunction with the **MORA Beauty**. Included are programs not only for cellulite (amazingly effective by the way!), but also for smoking cessation, relaxation, detoxification, stress reduction, revitalization, and weight control (!!).

- In the cosmetic and beauty area, Med-Tronik and OIRF will also be making a new product called "**Rush O Lash**" (an eyelash density and enhancement product) available at our many conference and seminar exhibits during 2016.
- And so much more . . .

➡ In discussions between Med-Tronik and OIRF during the recent meetings considerable time was spent looking at the issues of registration and certification. All Med-Tronik devices (MORA Nova, MORA Color, RM10, and so on) are fully certified and registered to meet all the ISO and international standards in Europe. However, in view of the restrictions, disclosure requirements, challenges and excessive expense to seek registration with the US FDA for these same devices the decision has been made to delay US applications.

Note that US certification of the **MORA Beauty** for cosmetic applications is currently pending!

On the other hand though, Med-Tronik has promised full financial and documentary support for OIRF (and our sister company Praxis2Practice) to make applications to register all the devices with Health Canada. Because the older model MORA Super is already registered with Health Canada, we do not foresee too many

challenges with our applications for these newer (more modern) models. Indications for the devices will likely be limited, but then OIRF is an established and recognized research organization – I don't think I need to say more on that issue. Once registered with Health Canada, then all the devices become "legal" in Canada . . .

Applications for Health Canada registration are being prepared now and will likely be submitted early in the New Year.

4 DVD SET NOW AVAILABLE!

MORA BioResonance Therapeutic Possibilities Getting the BEST out of your MORA Technology

Date: Thursday, September 10, 2015 – COMPLETED! You missed it!

Intended audience: For beginners and advanced MORA® BioResonance users. For whatever model you are using, learn the true BioResonance Therapy applications.

You have the MORA, but how do you get the **best** out of it? This one-day lecture course guides you gently, starting with how to think about the way the MORA works, how to think about your patient's health problems, and how to match the two for optimum treatments.

For beginners, or for those who need a refresher, the basic concepts of classical BioResonance are clarified. Learn how to immediately provide effective treatments even if you don't know what you're doing yet.

As the day progresses, you receive expert guidance on how to tackle the most common underlying problems in health, including candidiasis, influenza, hay fever, food intolerances, "tummy bugs", Lyme disease, dental support, and hormonal issues. You will also learn how to verify that the treatment you've given has already been effective. Cases are presented to provide additional concrete information and summarize the day's information.

Lecture course features **Marguerite Lane, ND** from Australia. She has been in full time private practice since 2002 and has used the MORA Super since 2003. She is specialized in the BioResonance techniques of **Dr. Gottfried Cornelissen** of Germany.

This course was sponsored by **Occidental Institute Research Foundation** and presented in conjunction with the **Gateway Fdn. for Biological & Integrative Medicine** prior to the famous "Curing the Incurables" Conference held in St. Louis, Missouri September 2015.

We encourage you to take advantage of this opportunity to benefit from the therapy application and information presented by this well respected and experienced practitioner. Video was professionally filmed and edited.

Set of 4 DVDs US \$150 plus shipping (available for immediate shipment).

Practice Applications:

MORA® Nova

True BioResonance Therapy with the Patient's own Frequency Spectrum
From Med-Tronik, Germany

- Design meets Technology – presenting the MORA® Nova by Med-Tronik
- Standard EAV or MORA Optima assessment capabilities of the **Nova® MED Professional**.
- Full EAV assessment software incorporated into Nova® MED Professional for fast accurate testing and assessment using actual or electronic test sets.
- Optional “Tooth Testing” module for standard currents in the mouth, as well as assessment of dental foci.
- Cancer and Mitochondriopathy Electronic Test Sets according to the research of **Dr. Gottfried Cornelissen** for dementia and cancer assessment and application.
- Or, VEGA-type testing capability has been incorporated into the MORA-Nova to allow utilization of available Electronic Test Sets – or of the coveted actual VEGA test set vials.
- For those who already have other testing and diagnostic methods in place, or for beginning BioResonance practitioners, the recently introduced **Nova® MED Basic** offers a less costly device with “therapy only” applications.
- **MORA® BioResonance Assessment and Therapy**
 - EAV, MORA Optima or Vega-style diagnostics to confirm infection.
 - Major applications for detoxification and intolerance.
 - The BioResonance concepts make MORA Therapy highly effective, besides just for detoxification, but also for allergies (especially), intolerances, skin disorders, bowel disorders and so many more
 - MORA alone will initialize the detoxification response and can be utilized individually as well as in combination with other therapies.
 - Support with drainage
 - Organ specific remedies (which can also be delivered electronically via BioResonance)
 - Lots of good water

Practice Applications (Mora Therapy Continued):

- Building immune system.
- Delivery of medication information.
- MORA BioResonance Therapy will always increase speed and efficacy of complementary therapies.
- Can also be complemented by:
 - BioPhoton Therapy – especially for skin rashes and other skin disorders
 - Inhaled Ionized Oxygen – for increase of healing energy and regeneration of cell respiration

➡ Recently received from **Dr.med. Juliane Sacher** here is information once again on the excellent film documentary "We Don't Vaccinate":

New on DVD:
**WE DON'T VACCINATE - THE MYTHS AND REALITY
OF THE VACCINATION CAMPAIGNS**

The 100-minute-documentary "**We Don't Vaccinate**" is the most successful film in Germany, Austria and Switzerland, questioning vaccination! 10.000 DVDs of the German original version ("Wir Impfen Nicht!") were sold as pre-sale-orders in April 2014, more than 150.000 people have watched the German version for free on Youtube during the last 11 months.

Expected on December 1st, the DVD will be available in Canada, the USA and Great Britain. The English version is completely overvoiced with three English narrators. We are proud, to offer this DVD also to you, boxed, for 19,90 €. Orders coming in until December 15th will receive **an additional FREE DVD** in a white paper bag instead of a box. The version offered here is PAL, suitable for all DVD-Players in Europe, Africa, Asia and Australia/New Zealand.

Here are some reviews on "We Don't Vaccinate":

"We Don't Vaccinate" is a sensitive, expressive and discerning documentary. Rivetingly factual, it stays solely on the vaccine track tackling the contemporary vaccine issue like no other film before it. Out of Germany, the originating homeland of Merck & GlaxoSmithKline, Michael Leitner's documentary, "We Don't Vaccinate" deserves a widespread worldwide audience so that the mass hypnosis which allows these pharmaceutical companies to commit crimes against humanity can finally come to an end.

Eileen Dannemann, Director, National Coalition of Organized Women

'We Don't Vaccinate' - at last a documentary that tackles the issue of vaccination full on. The presentation style is to be commended and the information and facts are put across sensitively in a calm and straightforward manner. The subject of vaccination is enormous - this film highlights some of the main concerns which should lead the viewer to delve into the subject further and open their eyes to the true reality of this so-called 'scientific' procedure. Films such as this will further the cause to wake up the unknowing public into seeing through the propaganda and medical control of the drug industry and bring some hope for the children of tomorrow.

Magda Taylor, Director of *The Informed Parent*, UK

I want to say that in my 20 years of the vaccine battle and the many many documentaries I have watched this is one of the most superior!! There is no middle ground of "But vaccines are safe" that many american videos do. We Don't Vaccinate is taking every single myth and 100 years of vaccine medical brainwashing done and addressing it.

Outstanding Health

The 6 Essential Keys to Maximize your Energy and Well Being
How to Stay Young, Healthy and Sexy for the Rest of Your Life

By Dr. Michael Galitzer and Larry Trivieri, Jr. with Forward by Suzanne Somers

For more than 25 years, stars like Suzanne Somers and Vanessa Williams, as well as the “movers and shakers” in the business and entertainment industry, and other doctors, have sought out Dr. Michael Galitzer because of his revolutionary approach to health that consistently helps his patients look and feel much younger than they actually are.

The reason his program is so effective is because of its unique combination of conventional and complementary medicine – and in particular, its focus on Energy Medicine, which addresses health at the cellular and energetic level. Now, in Outstanding Health, Dr. Galitzer is sharing his wisdom with the world so that you, too, can achieve the same benefits as his patients.

In this groundbreaking book you will discover how to renew and revitalize yourself in body, mind, and spirit, so you can enjoy outstanding health at any age. Your journey begins with a new understanding of yourself as a dynamic “being of energy,” and how to use Energy Medicine to detect and correct health problems long before they ever develop into physical symptoms. Then you will discover the 6 Essential

Keys to Outstanding Health, and everything you need to do to incorporate them into your daily life so that you can start to look and feel fantastic. You will also discover breakthrough solutions for keeping your brain and heart healthy and youthful for the rest of your life, along with little-known, futuristic medical technologies that are available today.

In this one-of-a-kind health guide, you will discover a new standard of health and well-being that goes far beyond most doctors' understanding, and then learn how you can commit to achieving outstanding health for yourself and loved ones, starting with detailed guidance for determining your current health status right in the comfort of your own home. From there, you will be guided to create your own action health plan by applying Dr. Galitzer's 6 Essential Keys to Outstanding Health, including how to achieve emotional mastery and the ideal mindset for healing, how to cleanse and detoxify your body, how to optimize your diet and become more energized, how to achieve deep, restful sleep, and how to most effectively banish stress from your life.

You will also discover how to rejuvenate your hormones and recapture the sexual vigor and enthusiasm of your youth, while also keeping your brain and heart free from the many ravages of aging and the hazards of our modern lifestyle.

Most of what Dr. Galitzer teaches you can be done on your own, empowering you to be in control of your health for the rest of your life, and to achieve the same type of results as those experienced by Dr. Galitzer's patients. Read this book and create your own Outstanding Health starting now.

Light in Shaping Life – BioPhotons in Biology and Medicine (An Interdisciplinary Textbook)

By Prof. Dr. Roeland van Wijk

Published 2014 by MeLuNa, Geldermalsen, The Netherlands

“Welcome to the study of the photonics of life!

The production of biological light (*ultra-weak photon emission or biophotons*) within many types of cells and tissues is characteristic of an alive organism. You will begin a journey of discovery about biophotons in relationship to biological matter and about how such biophotons can be detected utilizing specialized very photon-sensitive technologies. In this book, Roeland van Wijk provides a unified synthesis that facilitates easy entry into an exciting sub-field of biology. *Light in Shaping Life* encompasses the history of biophoton research, insight into how biophotons are generated, and into their involvement with life. Also included, is an overview of the potential benefits of such research to a better understanding of health and medicine.

Order this book direct from Amazon.com at:

<http://www.amazon.com/Light-Shaping-Life-Biophotons-Medicine/dp/9081884328>

NOTE: This book is highly recommended by OIRF. It is a bit pricey at US \$100, but represents a true textbook and resource. Prof. van Wijk was the Keynote Speaker to the 2015 Germany Tour participants where he filled us in on the practical applications of this research including how biophotons can activate stem cells leading to much greater effectiveness with that therapy as well as applications for stress and chronic fatigue.

“EXTENSION TRAINING” PROGRAM IN MODERN & TRADITIONAL ACUPUNCTURE

Over twelve hundred pages of printed materials incorporating applicable materials from the supplementary textbook ([An Outline of Chinese Acupuncture](#)) and set of four charts (by [China Cultural Corp.](#)). Program starts off assuming you know nothing about acupuncture (a good place to start even if only as a thorough review of the basics) and takes you right through to the most heavy-duty advanced aspects of true, ‘energetical’ acupuncture. The finest and most comprehensive material in the English language, covers all seventy-one meridians of traditional acupuncture; that ‘missing sixty percent’ of acupuncture knowledge most “acupuncturists” have never even heard of; and, the modern electronic ‘needle-less’ treatment methods (Electro-Acupoint Therapy) now so popular.

Over 3,000 students were originally enrolled in this famous Extension Training Program, and the OICS graduate listings read like a “Who’s Who of Acupuncture” in the English speaking world. This program takes you as far as anyone possibly can in a ‘written’ format prior to the clinical finesse and practicum needed to round out your acupuncture study to professional levels.

FULL THIRTY-THREE LESSON PROGRAM NOW AVAILABLE ON DVD

Price includes disc with all 33 Lessons, applicable supplementary textbook (An Outline of Chinese Acupuncture) passages and representation of set of acupuncture charts (China Cultural Corporation set of four). [Current editions of the textbook and charts can be easily obtained from suppliers of acupuncture books and supplies.] Price does **not** include printed materials, binders; or, any tutorial, examination, or certification privileges. Follow above link for full details. **Full set on one disc available for CDN \$165.**

Is this enough notice? Meet us in Frankfurt to participate in this exciting and exclusive program.

➤ Watch for Volume 11, Issue #12 of the “The Bridge” newsletter to arrive in your Inbox around mid-December. We are hoping to receive the delayed articles from Advisor/Directors **Dr. Tony Scott-Morley** and **Dr. Karim Dhanani**. Always interesting, sometimes controversial and always challenging we are looking forward to hearing from them.

Scheduled is an article from longtime advisor and instructor, **PaedDr. Uwe Uellendahl, HP**. Dr. Uellendahl introduced the new **EASY** (therapy and assessment device) from the Kindling Company during the recent Germany Tour program.

Additionally, there are a number of new and exceptionally well written articles by Med-Tronik researchers and instructors that have been published in the German CO'Med journal. Carolyn is busily translating as many of them as possible for the newsletter issues in between Health Canada and OIRF projects and activities. The December “Bridge” issue will be a big one!

➤ Visit our **Facebook** page – will you be our friend?

I trust you have found much of interest in these pages. All the arrangements, plans and details for our final 2015 events and activities have been finalized, and the exciting plans for 2016 are underway. Additionally there are many informational articles being prepared for the next Issues of Volume 11 and Volume 12 of “The Bridge”. Electronic publication with access open to all will continue throughout 2015 and into next year and we will continue to bringing you that cutting edge information for which OIRF is famous.

We look forward to meeting you during our 2015 and 2016 activities and programs. As always your comments are welcome. Remember that this is your newsletter – your suggestions, article contributions, critiques, FAQ's and compliments – are gratefully accepted.

Yours in health,

Carolyn
