THE BRIDGE

Linking Practitioners of German Biological Medicine

Volume 11, Issue #9, September 2015

Tuesday, 22 September 2015

Dear Colleagues, Friends and Supporters of OIRF,

➡ As we move into the busy fall season our full schedule of seminars, workshops, conferences and activities is already in full swing. Before I move forward with the articles and comments in this Issue, I must remind you about that all-important Germany Tour deadline. In less than one week **registrations for OIRF's 42nd Biological Medicine Group Tour program to Germany will close on Monday, September 28, 2015.**

From our side everything is arranged and confirmed, and the infamous 20+ page "final letter" is being prepared for delivery to all participants. Although you will see further details and information mentioned throughout this Issue, we urge you to finalize your plans now. Contact Elaine at OIRF offices today at 1-800-663-8342 to register and to arrange payment of the full fees.

We have arranged an excellent program with two major speakers (**Prof. Dr. Roeland van Wijk** and **Dr. Michael Galle**). Offering a broad scope of information and education from numerous sources, this tour program highlights many of our longstanding diagnostic and therapeutic recommendations with emphasis on application in our modern practices. Enough said – I look forward to meeting you in Germany within a few short weeks!

➡ And now, **welcome to Volume 11, Issue #9 of "The Bridge" newsletter!** In our ongoing research and consideration of the vaccination issue, here is an article by Heilpraktiker (Naturopath) **Matthias Mertler** called "*Flu Vaccination or Biological Infection Prophylaxis?*" This presents yet another approach to handling the challenges of the annual flu and respiratory illnesses.

Because our usual instrumentation recommendations are so effective in dealing with vaccination responses and the influenza and respiratory illnesses, as well as allergies and hay fever, I am repeating (again and ad nauseum) information on MORA, Inhaled Ionized Oxygen and BioPhoton **therapies**. With any questions or comments please contact us directly by phone or email for prompt and informed responses.

➤ Did you miss the **Gateway Foundation for Biological & Integrative Medicine** conference on “**Curing the Incurables**” in St. Louis earlier this month? Man, I gotta say you missed a good one! Nearly 120 participants heard such speakers as **Dr. Dietrich Klinghardt, Dr. Garry Gordon, Dr. Dan Beilin, Dr. Jeremy Kaslow, Marguerite Lane, Dr. Michael Gurevich, Dr. Michael Rehme, Dr. Robert Cass and Dr. Simon Yu**. An optional pre-conference workshop with **Marguerite Lane, ND** covered **MORA BioResonance Therapeutic Possibilities**.

But all is not lost or missed. Video recordings of all sessions are being prepared and will be available for purchase shortly. Follow this link for information on [Aurora Recording](#) and to find the [order form for the conference lectures](#). The video recordings of the optional MORA Therapeutics workshop will be available through OIRF shortly – we’ll let you know when we receive them.

➤ And for the final time this year a brief summary of the **42nd Biological Medicine Tour to Germany** program. Registration deadline is September 28, 2015 Based on our Tour program theme of “*The Latest Discoveries for Long Standing Therapeutics*”, we are looking forward to hearing the latest information and research in our field especially as it affects application of our well known and recognized therapies including MORA BioResonance, BioPhoton Therapy, Pulsed Electromagnetic Field Therapy and so many more.

Occidental Institute Research Foundation

42nd Biological Medicine Tour to Germany

Tuesday, October 27 through Monday, November 2, 2015

Theme: Clinical Applications in Biological Medicine: The Latest Discoveries for Long Standing Therapeutics

Keynote Speaker: **Prof. Dr. Roeland van Wijk**, BioPhoton Research & Therapy

Plus private English language lectures from renowned researchers and clinicians:

- **Dan Beilin, OMD, LAc** – Alfa Thermodiagnosics
- **Silvia Binder, ND PhD** – ONDAMED Therapy
- **Tina Först, HP** – AMS Magnetic Field Therapy
- **Michael Galle, DSc**, Researcher - BioResonance
- **Dieter Jossner**, Physicist – BioPhoton Therapy
- **Uwe Reuter, MD** – Biological Medicine Hospital Clinic
- **Nuno Ruivo, DO** – MORA BioResonance Therapy
- **George Stommel, MD & Martin Landenberger, MD** – RNA Therapy / Pharmacy
- **PaedDr Uwe Uellendahl** – “Easy” Resonance Assessment

- Our private lectures present the latest information and research in our field, with ample time for questions and hands-on.
- An opportunity to talk with like-minded colleagues and learn from the experience and expertise of attending OIRF Directors and Advisors.
- Visit and participate in the famous Medicine Week Congress in Baden-Baden
- Travel in comfort with plenty of room for luggage
- Tour price of \$3,295 includes full tour program, single room accommodations and most meals
- Be treated like family with good food, good friends and good conversation in friendly hotels

ADVANCE REGISTRATION IS RECOMMENDED

[Biological Medicine Tour #42](#) information and [Register here](#)

For more details contact: Occidental Institute, www.oirf.com; E-Mail: support@oirf.com

PO Box 100, Penticton, BC V2A 6J9 Canada and register at 800-663-8342 or (250) 490-3318

Participating in this unique inclusive custom-tailored guided educational tour for medical professionals with OIRF, you will experience friendly and open expertise as well as flawless planning and scheduling that provides a pleasant non-stressful learning environment. Here is a program that will build on the very best from the past, give you a glimpse of the very latest in-depth research and innovation, and then – most importantly – inform you how to utilize these techniques and methods in a modern everyday practice.

Full details and registration information available on our website at:

www.oirf.com/germany2015.html

➡ We are pleased that **Dr. Dan Beilin** from **Alfa ThermoDiagnostics** will present a lecture and demo during the 42nd OIRF Tour program. As well he will give an English language lecture during the actual Medicine Week program. Alfa ThermoDiagnostics has just recently successfully achieved full US FDA registration of their thermographic diagnostic device. Congratulations to them and we will be looking forward to this lecture. For further details and information please mention OIRF when you contact them at www.alfathermo.com.

➡ All of your 2015 Volume #11 Issues of “The Bridge” newsletter will be sent to you by email and then published on our website. **Access is open to all.** Follow this link to get your PDF print copy of “The Bridge” Volume 11, Issue #9.

➡ **OIRF Resource Materials:**

➤ Of the three full “home-study” or “extension training” programs developed by Occidental Institute, two have been fully updated and are available in PDF format on disc. Research and publication of each of those programs has been pivotal in the development and application of Acupuncture and Biological Medicine in North America and around the world. Be sure to obtain your copies of these famous and well respected volumes for your library and study purposes.

- Modern & Traditional Acupuncture: \$165
- Master of Acupuncture Program: Translations of the ancient acupuncture classics (The Nei Ching consisting of the Su Wen and Ling Shu, as well as the “Difficult Classic” the Nan Ching) are still available in printed format – \$125
Work on scanning and reformatting these materials will progress slowly as time allows during our busy summer and fall seasons.
- EAV Desk Reference Manuals, Parts 1 & 2 – \$200
- Diagnostics and Therapeutics Seminars of Dr. Sturm – \$200

Get more details at <http://www.oirf.com/resources.html>

Medicine and Experience

Flu Vaccination or Biological Infection Prophylaxis?

By Matthias Mertler, HP

From an article in CO.med, Vol. 20, Nov. 2014

**Machine Translation by SYSTRAN, Lernout & Hauspie, LogoMedia & Prompt
Translation & redaction by: Carolyn L. Winsor, OIRF**

© Copyright 2014, Matthias Mertler, Schwelm, Germany

This question is asked again every year – for an answer however a differentiated line of approach is appropriate: From the perspective of school [*orthodox*] medicine vaccination is recommended to everyone in principle. However, this vaccination protection only works on a defined pathogen type – therefore other pathogens can release infections in spite of vaccination.

Here also a certain degree of caution is appropriate because of the “vaccination mania” and the “fear campaigns” through the media against the expected germs. Just as vaccinations are depicted as completely harmless and side effect free, they are not! Recorded incidents of:

- Paralyzes
- Nerve illnesses
- Death
- Dubious additives as well as remnant materials from the vaccination production / remnants of chicken protein, phenolic compounds, antibiotics
- Increase of allergies and asthma, etc.

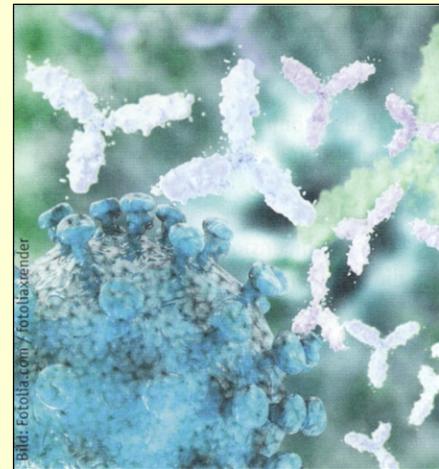

In principle endangered people at advanced age and with serious basic illnesses (heart-circulation illnesses, after serious operations, etc.), in addition to those who are still in close contact with other endangered personal groups (among others hospitals, senior citizen’s homes), should receive this vaccination on the advice of their physicians.

However, whoever does not belong to the above mentioned risk groups should do everything in their power to maintain and to strengthen their body's own immune system – this is the best defensive strategy!

Basics

In principle the following illnesses are differentiated:

- **Infectious Illnesses:**
 - **Viral infections:** rhinitis, sinusitis, acute bronchitis, pharyngitis, laryngitis, influenza infection, pneumonia, influenza, etc.
 - **Bacterial infections:** angina tonsillaris, scarlet fever, whooping cough, pneumonias (often caused by streptococci, Chlamydia, Legionella, among others)
- **Allergic Illnesses:**
 - Allergic asthma, allergic rhinitis (colds), pseudo croup
- **Chronic Obstructive Illnesses:**
 - Bronchial asthma, chronic bronchitis, COPD, pulmonary emphysema, among others

On average a German suffers a respiratory illness several times a year – children become ill on average even 7 to 8 times a year. The individual phases can sometimes be distinguished in the medication from the pediatricians: sometimes it is an anti-allergic, sometimes an antibiotic – and several times in alternation for years.

Of course nothing changes in the causes and in the defensive situation of the person concerned.

By far the most frequent respiratory illnesses / “colds” are released by a virus, in which an uncritical antibiotic treatment hinders and damages the immune system rather than protects.

Only if the body's own immune system does not cope with these viruses, other germs – also bacteria – can join with them and the symptoms are aggravated. Nasal sinus inflammation, cough with sputum and fever are frequently the consequences.

Hence the strengthening and restoration of the endogenic immunological possibilities must be in the foreground – all antibiotic therapy attempts should stay reserved for emergency cases!

The individual completion of a treatment concept by an experienced natural medicine therapist is especially important – because there is no cure that is equally good for everybody!

Holistic Therapy Options

For decades natural medicine has offered tested treatment possibilities and prevention concepts. Perhaps the challenge for the therapist is represented by the selection of the appropriate measures and the most meaningful application timewise.

Defense Strengthening for Prevention

Immune modulation: means mild defense increase with homeopathics, phytotherapeutics, probiotics, substitution of zinc, selenium, Vitamin C, nutrition rich in vital substances, etc.

Besides the constitutional therapy (= basic treatment / e.g. lymph remedies) the application of ginger (e.g. in the form of *IngwerPURE* drops [from TRUW]) should also be thought of here for the treatment of individual / familial weaknesses (especially carefully, but effective even in the toddler phase!).

Besides the known effects on the digestive tract with digestive weakness, feeling of sickness, flatulence and cramps ginger (*Zingiber officinale*) has a metabolism stimulating and antioxidative potential.

The known effects [of ginger] from Ayurvedic medicine were partially confirmed through modern laboratory investigations. Accordingly the contained pungent substances and essential oils have an effect not only on supporting blood pressure and relaxing the stomach-bowel tract, but are also very bactericidal (and weakly fungicidal) on potentially pathogenic intestinal germs while the growth of lactobacillus is promoted [1].

According to Indian plant medicine warmed up ginger in effective dosage at the beginning of the cold season can thus support the unspecific immune defense of the intestinal related immune system. Then also the defense cells, which must do “their job” in the mucous membranes of the nasal-throat area, are “trained up” in the intestinal immune system and reach their destination by way of the blood and lymph.

Defense Strengthening in the Acute Case

Immune stimulation: gets the immune system “moving” – can therefore also lead to the first aggravations, can stir up chronic foci and is also perhaps contraindicated for altogether weakened patients.

If it has already “caught” the patient, the immune stimulation should be immediately begun. If no autoimmunological basic illnesses exist, “echinacea” preparations [2] (*Echinacea purpurea*, *Echinacea augustifolia*) are the first choice of remedies.

As a result in my practice I prefer corresponding complex remedies, whose single components act in a synergistic effect. Thus for classic influenza infection with fever, headaches and dry cough the application of the *Original Tinktur N-Truw*[®] (hourly up to 8 x daily 10 drops, if necessary in some liquid, held long in the mouth) has proven itself in my practice for a long time.

Should the infection have “marched through”, because for example the patient comes too late (“I thought what comes by itself also goes away again by itself”) additional preparations can be prescribed: for example *Angi-Truw*[®] N lozenges for sore throat or *Broncho-Sern*[®] *Sirup* (English plantain liquid extract) for cough, also sputum from bacterial infection.

A quickly effective and mitigating therapy supplement is Reflex Zone Therapy with essential oils and subsequent injections according to the *Truw*[®] *Injection Concept* (see below).

Complementary Measures against Defense Weaknesses / Chronic Recurrent Infections

So, it is simply not always as described above in the everyday practice – chronic recurrent infections from constitutional or antibiotic induced defense weaknesses are nothing unusual.

If we then “bore even further” anamnesticly, we quickly work with the stress burdened lifestyle, deficient and poor nutrition, and intolerances / allergies, which are always an indication of immunological mistakes.

Also for these patients a symptomatic natural medicine acute therapy does not lead to a lasting success.

At the latest then, when the acute phase is overcome and the recurrences should be prevented, an as long lasting as possible immune stabilization must be begun.

Additionally individually applied therapy options are offered:

- Intestinal milieu cleansing according to stool findings
 - Sealing mucous membranes, foreign germ elimination / replacement by probiotics
 - Multivitamin or vital substances substitution (e.g. *Vita-Truw*[®] *N plus*, 1 to 2 capsules per day).
- Detoxification and decontamination: through lymph, liver, kidney, Aschner method
- De-acidification: vital fresh foods, base remedies (e.g. *Basen-Thohelur*[®] *Z*, 1 to 2 granule-sticks per day).
- Vegetative stabilization (Distress has an immunosuppressive effect!): Consultation about lifestyle, moderate sports.
- Autohemotherapy for immune stimulation
- Injections and infusions for prevention, but also in acute cases.
- Reflex Zone Therapy (e.g. with bronchitis and breathing difficulty)

At this time the respiratory tract and the vegetative nervous system initially respond to a cupping massage with suitable essential oils (here e.g. thyme, camphor, rosemary, melissa) or to the Baunscheidt Therapy through the cuti-visceral reflex pathways.

Subsequently a very quick effect can be achieved with paravertebral intracutaneous injections of suitable ampules (here *Truw*[®] *Injectio-Präparate*) for the purpose of homeosiniatry [3].

In the beginning the recommended therapy rhythm for this is between twice to once per week with a total of four to eight applications.

Case Study

Female patient, 53 years old, office worker, lymphatic type, comes to us in January 2013 for “alternative treatment” for persistent dry cough and sinusitis after the third respiratory tract infection and the third antibiotic therapy. (“*I am suffering! We are always mutually infected in the office.*”

Therapy

- Hygiene instruction: do not cough and sneeze into the inside of the hand, wash hands frequently.
- *Original Tinktur N Truw*[®] 100 ml, during the first week daily 100 drops in 500 ml of mineral water, over the day gulp-wise drink, from the second week 60 drops per day.
- Strong cupping massage / the whole thoracic vertebral column with arnica massage oil / Wala + additional thyme oil and afterwards with paravertebral intracutaneous mixture injection with *Truw*[®] *Injectio lymphatica, febrogrippalis* and *bronchialis* twice per week, in total 6 x (see Fig. 2).

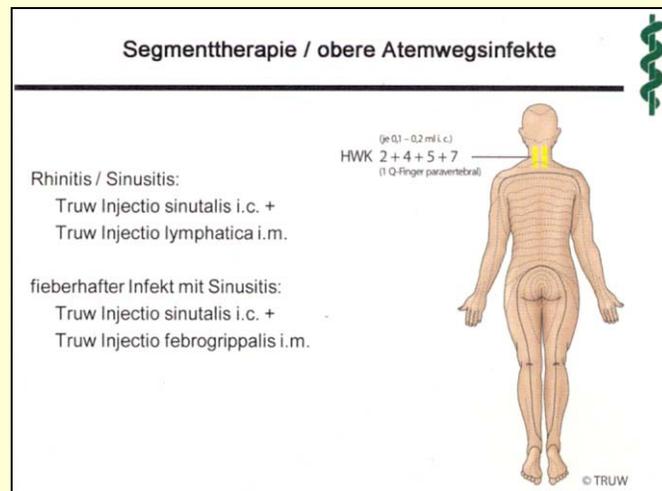

Figure 1: Upper Respiratory Tract / Sinusitis, feverish infection
Segmental Therapy / Upper Respiratory Tract Infection
HWK = cervical vertebral body

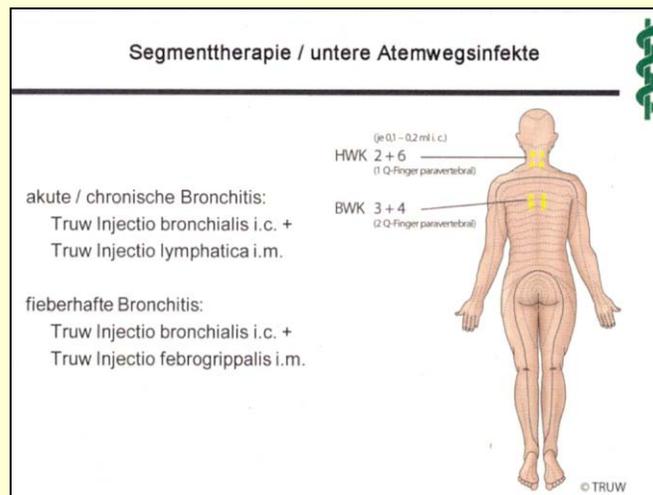

Figure 2: Lower Respiratory Tract / acute, chronic, feverish bronchitis
Segmental Therapy / Lower Respiratory Tract Infection
BWK = thoracic vertebral body

At this point, you are reminded of the fundamental obligatory registration for mixed injections according to the AMG-Novelle 2009 / Production and Application of Medications. Moreover the original manufacturer's liability for single preparations goes over into the therapist's liability when mixing injections. For further details please ask your professional association.

[Treatment] Course

- The expected “first aggravation” with fever did not happen
- Moderate coughing up after the first and second treatments
- Dry cough negative after one week, nose free after two weeks

Because of her statement “*Now I only wait for the hay fever*” and [*because of*] the previous antibiotic therapies we arranged a stool examination (flora: main bacteria strongly decreased, decomposition germs clearly increased; digestive remains, enzymes, Candida negative; IgA and histamine moderate increases).

The following specific intestinal redevelopment:

- Among others, with probiotics for immune modulation (*Probiotik protect Pulver [powder]* , *Mutaflor Kapseln [capsules]*)
- Took place over two months

With additionally prescribed hay fever medication from DHU in March 2013 for approx. six weeks, four times daily 10 drops, the patient was nearly pain free over spring and summer.

The recommendation of doing a preventive autohemotherapy treatment in the fall fell into oblivion.

However the likewise recommended ginger cure was strictly carried out over eight weeks during the “mucky weather phase” in the fall and described as very pleasant and stimulating.

Only in February 2014 she came again to us – this time early – with an influenza infection. (“*Until now I survived the winter months super – I never again want to have something like at that time!*”)

We could easily cure the infection with *Original-Tinktur N Truw®* 100 ml and *Lymphomyosot®* 100 ml (four times daily each 15 drops in liquid before food).

Conclusion

If besides an early individual acute therapy, also the constitution (here lymphatic) and the factors burdening the immune system (here allergies, antibiotic treatments) as well as stress, bad eating habits, chronic intestinal illness, etc. are considered, the expectation to get over the “flu season” well is absolutely given.

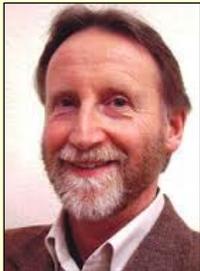

Author and Translator Footnotes:

[1] Source: Peter Kaufhold, PhytoMaster

[2] The author used a colloquial term here that literally translates as “sun hat” or “sun shade” remedies.

[3] Homeosiniatry = describes an alternative medical concept which combines Traditional Chinese Medicine (Acupuncture) and Homeopathy. Some definitions also include Neuraltherapy as part of the combination, and others use the phrase to describe Laser-Acupuncture.

The Author

Matthias Mertler has a scientific education and twelve years of work experience in a large research center (pharmacology / rheology). Since 1998 he has worked as a Heilpraktiker [*Naturopath*] in his own practice and since 1999 is a training instructor and federal continuing education leader in the *Freien Verband Deutscher Heilpraktiker e.V. (FVDH)* [*German Free Association of Naturopaths*]. His main therapy focus is intestinal cleansing [*and restoration*], allergy therapy, concepts of the vertebral column and joint regeneration as well as revitalization and immune modulation.

Practice Application:

There have been some re-formulations in progress for the USA, however at this time the Truw products do not appear to be available in the USA and Canada. Because they do not exhibit at Med-Week we also do not see this company during our Germany Tour Programs. The “Original Tincture” remedy mentioned in this article is one of their primary (most effective and well known) remedies. Many of their remedies are based on Echinacea formulations and can be substituted with other domestically available products. The injection remedies can be substituted in practice with Pascoe, Heel, Wala and Staufen remedies in either actual or electronic format.

Truw® Arzneimittel GmbH, Gütersloh, Germany

<http://www.truw.de/produkte/produkte-von-a-z/>

Homeopathic and orthomolecular formulas, since 1907

Ingredients Original-Tinktur N Truw®: Aconitum napellus Dil. D4, Atropa belladonna Dil. D4, Bryonia Dil. D2, Cephaelis ipecacuanha Dil. D5, Echinacea Ø

List of Injection remedies in ampules

Truw® Injectio Antidys

Truw® Injectio bronchialis Ampullen

Truw® Injectio febrogrippalis Ampullen

Truw® Injectio gastroduodenalis Ampullen

Truw® Injectio hepatis Ampullen

Truw® Injectio lymphatica Ampullen

Truw® Injectio pankreatis Ampullen

Truw® Injectio sinutalis Ampullen

➡ And just so our American colleagues don't feel like they are being uniquely “picked on” about vaccinations – here is an “interesting” approach from our CMA recently published in the [Calgary, Alberta Canada Herald](#) newspaper.

Practice Applications:

MORA® Nova

True BioResonance Therapy with the Patient's own Frequency Spectrum
From Med-Tronik, Germany

- Design meets Technology – presenting the MORA® Nova by Med-Tronik
- Standard EAV or MORA Optima assessment capabilities of the **Nova® MED Professional**.
- Full EAV assessment software incorporated into Nova® MED Professional for fast accurate testing and assessment using actual or electronic test sets.
- Optional “Tooth Testing” module for standard currents in the mouth, as well as assessment of dental foci.
- Cancer and Mitochondriopathy Electronic Test Sets according to the research of **Dr. Gottfried Cornelissen** for cancer assessment and application.
- Or, VEGA-type testing capability has been incorporated into the MORA-Nova to allow utilization of available Electronic Test Sets – or of the coveted actual VEGA test set vials.
- For those who already have other testing and diagnostic methods in place, or for beginning BioResonance practitioners, the recently introduced **Nova® MED Basic** offers a less costly device with “therapy only” applications.
- **MORA® BioResonance Assessment and Therapy**
 - EAV, MORA Optima or Vega-style diagnostics to confirm infection.
 - Major applications for detoxification and intolerance.
 - The BioResonance concepts make MORA Therapy highly effective, besides just for detoxification, but also for allergies (especially), intolerances, skin disorders, bowel disorders and so many more
 - MORA alone will initialize the detoxification response and can be utilized individually as well as in combination with other therapies.
 - Support with drainage
 - Organ specific remedies (which can also be delivered electronically via BioResonance)
 - Lots of good water

Practice Applications (Mora Therapy Continued):

- Building immune system.
- Delivery of medication information.
- MORA BioResonance Therapy will always increase speed and efficacy of complementary therapies.
- Can also be complemented by:
 - BioPhoton Therapy – especially for skin rashes and other skin disorders
 - Inhaled Ionized Oxygen – for increase of healing energy and regeneration of cell respiration
- Follow this link for [MORA BioResonance details](#).
- For order, delivery & pricing information contact OIRF Office at 1-800-663-8342

Biophoton HPT 3D Standard

BioPhoton Light/Laser Therapy
From Medical Electronics, Germany

The most modern large area laser therapy, the Biophoton light therapy, with optional magnetic field therapy, depth relaxation, super-learning and energetic homeopathy, make this therapy apparatus a particularly effective instrument.

64 Hyper-red Special LED
(HeNe Laser carrier)
660 Nanometer (Hyperred)
ca. 6 Milliwatt per diode

64 Laser diodes
785 Nanometer (Infrared)
ca. 6 Milliwatt effective per diode

- Eminently suitable for hair, face and body treatment. Impressive results within a short time – in particular with cellulite and other large area tissue problems.
- New modulation frequencies stimulate the body to produce endorphins. Endorphins improve the mental attitude, activate the immune system and optimize all the body's own self-healing effects.
- That is modern overall therapy – the therapy of the future! With this apparatus it can be impressively confirmed what modern energy therapy is able to do!

Practice Applications (BioPhoton Therapy Continued):

- **Optional accessories** for the HPT 3D HyperPhoton device include:
 - Magnetic coils (in three sizes) – to add a stronger and more focused magnetic field therapy component
 - Music modulation – to incorporate relaxing and healing sound through the BioPhoton field (e.g. reflection and meditation music of Arndt Stein, etc.)
 - Specially designed honeycomb for delivery of medication and remedy information
 - Either a rolling floor stand or a wall mounted “swinging” arm
- See further details and information at www.oirf.com/inst-biophoton.html
- For order, delivery & pricing information contact OIRF Office at 1-800-663-8342

Oxygen Ion 3000 with VNS Diagnosis 3000

By Prof. Dr. Ivan Engler, Inhaled Ionized Oxygen Therapy
From CS Tronic, Austria

The **Oxygen Ion 3000**/by Dr. Engler is a so-called oxygen-ionizator which enables you to enrich medical oxygen with electrical charge carriers in the form of “oxygen-cations” or “oxygen-anions”. The administration of enriched oxygen is carried out via an oxygen mask. The oxygen quantity varies between 4 and 8 liters, yet the changed charge quantity has to be considered. The therapeutic session lasts 12 minutes. As an alternative, oxygen concentrators may be used instead of oxygen cylinders.

Because of the state-of-the-art processor technology, the respective polarities are changed over automatically, without having to switch the oxygen supply. A data interface to VNS Diagnosis allows an automatic therapeutic transmission from the diagnosis device VNS Diagnosis 3000/by Dr. Engler.

As an ideal complement to Oxygen Ion 3000/by Dr. Engler, **VNS Diagnosis 3000**/by Dr. Engler supports your diagnostic procedure. VNS Diagnosis 3000/by Dr. Engler measures the capacity and the resistance between both gold electrodes and forms an optic display of the vegetative situation in the form of a LED-diagram. Of course there is the possibility to read off the measured values as direct numbers as well and can be interpreted individually. Because of similarities to the Oxygen Ion 3000/by Dr. Engler, a display of therapeutic proposals was also integrated. A data wire immediately transmits the therapeutic proposal to the Oxygen Ion 3000/by Dr. Engler, from which a further program selection can be started afterwards. The shape of the gilded electrode plates is handy and therefore facilitates the reproducibility of the measured results.

- See further details and information at www.oirf.com/inst-oxygenion3000.html and www.oirf.com/inst-vnsdiagnosis.html
- For order, delivery & pricing information contact OIRF Office at 1-800-663-8342

“EXTENSION TRAINING” PROGRAM IN MODERN & TRADITIONAL ACUPUNCTURE

Over twelve hundred pages of printed materials incorporating applicable materials from the supplementary textbook ([An Outline of Chinese Acupuncture](#)) and set of four charts (by [China Cultural Corp.](#)). Program starts off assuming you know nothing about acupuncture (a good place to start even if only as a thorough review of the basics) and takes you right through to the most heavy-duty advanced aspects of true, ‘energetical’ acupuncture. The finest and most comprehensive material in the English language, covers all seventy-one meridians of traditional acupuncture; that ‘missing sixty percent’ of acupuncture knowledge most “acupuncturists” have never even heard of; and, the modern electronic ‘needle-less’ treatment methods (Electro-Acupoint Therapy) now so popular.

Over 3,000 students were originally enrolled in this famous Extension Training Program, and the OICS graduate listings read like a “Who’s Who of Acupuncture” in the English speaking world. This program takes you as far as anyone possibly can in a ‘written’ format prior to the clinical finesse and practicum needed to round out your acupuncture study to professional levels.

FULL THIRTY-THREE LESSON PROGRAM NOW AVAILABLE ON DVD

Price includes disc with all 33 Lessons, applicable supplementary textbook (An Outline of Chinese Acupuncture) passages and representation of set of acupuncture charts (China Cultural Corporation set of four). [Current editions of the textbook and charts can be easily obtained from suppliers of acupuncture books and supplies.] Price does **not** include printed materials, binders; or, any tutorial, examination, or certification privileges. Follow above link for full details. **Full set on one disc available for CDN \$165.**

Videotaped “DIAGNOSTICS” AND “THERAPEUTICS”

Seminar/Workshops by Dr. Walter D. Sturm† of OIRF Staff

* 1944-2004 †

Part One on Diagnostics:

- Electronic point measurement
- Medication testing, and more

Part Two on Therapeutics:

- **MORA-Therapy**
- Electronic Homeopathy
- Remedy Information Transfer, and more
- *Optional day on his other therapies!*

Follow this link to see a full description of these videotaped [“Diagnostics and Therapeutics” Seminar/Workshops](#) by the late Dr. Walter D. Sturm† of the OIRF Staff.

Available on five (5) DVD’s plus one (1) CD with all overheads and extensive handouts materials for CDN \$200 (plus shipping).

Published in Canada by: **Occidental Institute Research Foundation**
P. O. Box 100, Penticton, BC V2A 6J9 Canada
Phone: 800-663-8342 or (250) 490-3318
Website: www.oirf.com Email: support@oirf.com

➤ OIRF Resource Materials:

- For more information and instruction about point and medication testing with EAV see the OIRF: [Medication Testing Report](#) and the [EAV Desk Reference Manuals](#) (both available on disc).
- For more information and instruction about [Diagnostic and Therapeutic Techniques in Biological Medicine](#) with emphasis on BioResonance Therapy be sure to order the recently re-released videos of Dr. Walter Sturm's seminars.
- For a complete [listing of OIRF resource materials](#), including publications, reports, books and videos please follow this link to our website. There are full descriptions of all printed and recorded materials online.
- For a complete [listing of OIRF recommended instrumentation](#), including diagnostic, therapeutic and BioResonance devices please follow this link to our website. There are full descriptions of all instrumentation online.

➤ **Conferences and Conventions:** As a new approach to bring this information and education to a broader range of practitioners this year OIRF will sponsor speakers and lecturers in a number of conferences and events throughout the USA and Canada. Here are **some** of the events where our OIRF Board of Directors and Advisors are giving presentations and participating. As we move into the busy fall season, plans are already underway for many more events for the new year 2016.

Be sure to check out the events and conferences announcements enclosed and on the [Calendar of Events](#) on our website. Make plans **now** for which events you will attend this year and on into 2016. Your support for the organizers is greatly appreciated, and gives you the return of fascinating, informative and educational programs that will enhance your practice – and CEU's! OIRF directors, advisors and/or members are active in each of the recommended events. See Pages 3, 16 and 17 for further details.

➤ **Comprehensive Course in Neural Therapy (NT).** This training course consists of six segments, three days each extending over a two-year period culminating with an exam and certification. **Dr. Ulrike Aldag** is a medical specialist for surgery and an experienced and accredited German Neural Therapy Association teacher. This is a unique opportunity to have practical hands-on and educational workshops.

For more details on continuing courses contact **Michael Gurevich, MD** at www.holisticmd.org/neural-therapy-course-announcement/

➤ Here is a listing of **MORA Therapy and BioResonance training sessions** available in English. The following three sessions will be held in Friesenheim, Germany at the Med-Tronik training center:

March 21-22, 2015	Basic MORA and BioResonance Completed
July 18-19, 2015	Advanced MORA and BioResonance
October 24-25, 2015	Masters Level MORA and BioResonance

Note: The Master program takes place the weekend before the start of the OIRF Tour #42 (on Oct. 27) and the start of the famous Medicine Week Congress (on Oct. 28). If you are interested in attending this program, contact Carolyn or Elaine for "Optional Tour Add-Ons".

MORA Therapy Training Continued . . .

~~September 10, 2015~~

Completed

MORA BioResonance Therapeutic Possibilities

With **Marguerite Lane, ND**, Australia at the "**Curing the Incurables**" Conference, St. Louis MO Sept 11-13, 2015

Video recordings of this special 1-day course will be available through OIRF soon!

➤ **49th Medicine Week Congress**, Oct. 28 to Nov. 01, 2015, Baden-Baden, Germany, Directors and Germany Tour participants attending. Usually more than 3,000 doctors participate with nearly 200 lectures, workshops and courses (in German language). Main theme this year is "The Whole Keyboard of Healing". Exhibit area with more than 220 exhibits providing you an excellent insight into the big product offerings in natural healing and complementary medicine. There you can find out directly, and compare. ➡ This week we have heard positive and very good news from long time member and advisor **Dr. Zenon Gruba** in Australia. He is now resting at home after successful coronary artery bypass surgery. His recovery instructions included: *"My cardiologist told me to be boring. I was apparently so boring that I was discharged after only seven days instead of the expected 10 days. Thank you for all your prayers and kind thoughts. So now to be boring for another two months. And then I take on the world. Zenon"* Those of you who know Zenon recognize the challenge this will be for him to remain "boring" for a whole 2 months! Zenon, we all send you our best wishes so please get well soon – we miss you!

➡ **Updates, Reminders and Announcements:**

➤ Register **now** for Germany Tour #42! Don't be disappointed by waiting until after the deadline date.

➤ Watch for Volume 11, Issue #10 of the "The Bridge" newsletter to arrive in your Inbox around mid-October. Long time member and Advisor **Dr. Tony Scott-Morley** has been invited to present his annual article for this next issue. Always interesting and sometimes controversial we are looking forward to hearing from him.

➤ Visit our **Facebook** page – will you be our friend?

I trust you have found much of interest in these pages. All the arrangements, plans and details for our fall 2015 events and activities have been finalized, and additionally there are many informational articles being prepared for the next Issues of Volume 11 and Volume 12 of "The Bridge". Electronic publication with access open to all will continue throughout 2015 and into next year and we look forward to bringing you that cutting edge information for which OIRF is famous.

We look forward to meeting you during our 2015 activities and programs. As always your comments are welcome. Remember that this is your newsletter – your suggestions, article contributions, critiques, FAQ's and compliments – are gratefully accepted.

Yours in health,

Carolyn

Oh, oh! Space left at the end for Carolyn! Here's an interesting quote that I ran across in the German *Naturheilpraxis* journal. While looking it up and starting to translate it I found another English version with the full quote:

This Thracian told me that in these notions of theirs, which I was just now mentioning, the Greek physicians are quite right as far as they go; but Zamolxis, he added, our king, who is also a god, says further, **'that as you ought not to attempt to cure the eyes without the head, or the head without the body, so neither ought you to attempt to cure the body without the soul; and this,' he said, 'is the reason why the cure of many diseases is unknown to the physicians of Hellas, because they are ignorant of the whole, which ought to be studied also; for the part can never be well unless the whole is well.'**

Plato (428/427 – 347 BC)
