

Occidental Institute Research Foundation

Occidental Institute functions as an information and technology bridge linking top German practitioners and suppliers involved with aspects of Biological Medicine, with progressive English-speaking practitioners.

Some of the many benefits available only to Research Associates:

- Fellowship in a faculty of approximately 500 biological medicine practitioners worldwide; incorporated as a Canadian society since 1984, and in existence since 1972
- Documentation of Research Associate status [full size certificate with annual seals]
- **Toll-free Members' hot line** phone number good in the United States & Canada
- Discounts on OIRF sponsored seminars, workshops and special programs
- Assistance in acquiring recommended German instrumentation, usually at or below factory export prices
- Participation in programs restricted to affiliates only, like group tours to Germany
- Special reports and releases only for OIRF Research Associates, etc.
- E-Mail (in PDF format) subscription to the Institute's regular newsletter "**The Bridge**" which brings you cutting edge information and the practical application of these methods.
